## THE STORY BEHIND DESTINÉE DANCE SCHOOL

Destinée Dance School is an international training school for dance ministry and prophetic arts, founded and directed by evangelist Virginie Nfa.

Evangelist Virginie Nfa has professional artistic training and has been an entrepreneur since a young age, while also devoting herself to the **ministry of evangelist**.

For nearly 20 years in France and abroad, Virginie Nfa has been a pioneer in developing the **dance ministry** in its various aspects.

Since 2016, she has been teaching *the Danse & Ministère © method* at Destinée Dance School, **the first registered teaching method in the field, which is now the legacy of an entire generation.**

She is also the Protestant representative on the International Dance Council's "Dance and Christianity" program, a **UNESCO body**.

## TRAINING

Destinée Dance School offers several dance courses for children and adults, as well as a course in prophetic painting.

The school currently has two physical locations: Paris and Martinique, as well as an online school.

These courses are based on theological and technical teaching, in order to provide comprehensive training.

*"My two children eagerly await their Wednesday classes at Éveils & Kids at Destinée Dance School. It's a place of brotherhood, love, freedom, and fulfillment. They are taught to be creative (through various forms of art) in order to express their adoration for God."*

*"Through the videos and lessons, I found answers to my questions. It allowed me to meet people who think like me about dance and who don't look at me strangely. I found a family at DDS who welcomed me with open arms, and I no longer feel alone."*

## EVENTS

Destinée Dance School allows worshipers to come together for workshops and events, such as:

- Élève Ta Bannière workshops
- Masterclasses in Martinique
- Prophètes en Mouvement conferences
- Créativ'Worship evenings (evenings of praise and worship)
- Edification gatherings
- And other events in France and around the world.

*I was incorporating prophetic painting for the first time. The Holy Spirit has a great sense of humor, because the word I expressed through the painting responded precisely to the sister, without knowing that she too had received my word, so our exchange of paintings was done with a lot of laughter. I loved that moment when, even though there were many of us in the room, I felt like I was alone with the Holy Spirit in another dimension. I loved it, now I just have to take lessons... it's so relaxing and profound.*

*One of the moments that particularly spoke to me was when evangelist Virginie Nfa and servant Delki Rosso testified about their life journeys because it showed us that God has a plan for each of us, that He fulfills it in the way He wants, and also that with God, anything is possible. They have busy lives as women, but that doesn't stop them from walking in the plans God has for them. I was also grateful for the moment when there was prayer for family relationships. I didn't need prayer myself, but I was happy that on that day people received answers and deliverance from certain wounds.*

# OUR ACTIONS

## EVANGELISM

Through the Arts Révélés company, led by evangelist Virginie Nfa and composed of dancers trained at Destinée Dance School, the school works to spread the gospel through the arts.

The Arts Révélés company participates in high-impact events such as the March for Jesus, the Jesus Festival, and alongside the Portes Ouvertes association, as well as alongside local churches and at secular events, bringing a Christian dimension where it is not expected.

With our students in training, we organize street evangelism and work with social actors (retirement homes, shelters, homes for women in difficulty, etc.).

# OUR ACTIONS

## HUMANITARIAN

We believe that powerful paths to healing and fulfillment are possible through the transmission and manifestation of the ministry of dance among populations suffering in various ways. Destinée Dance School is therefore involved in missionary work.

During missions, particularly in Ivory Coast at the “La Maison de Sara” orphanage, Destinée Dance School organizes food drives and multidisciplinary artistic development workshops for orphans and children from Muslim and very disadvantaged neighborhoods.

Our students in training offer evangelistic performances and discovery trips to the sea.
